

FROM THE DIRECTOR'S DESK

Dear Readers,

Welcome to the family of decent appliances.

As a pioneer and an innovator in kitchenware industry, Decent Appliances, has had a renowned past. We can say that the years we experienced in the past are significant years and it is clearly seen that we have intensively delivered our best performance to focus on customer satisfaction. Our future holds the guarantee of much more noteworthy accomplishments.

On behalf of the Board of Directors, I would like to thank our valuable customers, reliable dealers and world-class suppliers. Besides, I would like to make a special mention of our employees' enthusiastic contribution in establishing our organization.

Our strength is developed by our unique ideas and values, wherein we develop quality products and excellent services.

We are now in an ever-changing market environment. In such situation, we firmly believe that "Trust" is the key element in persuading customers to choose our quality products. We totally accept that "trust" can create a "Win-Win Situation" for a long deeper relationship.

Decent Appliances has invested over the years in a geographic presence, a product portfolio, a flexible supply chain and world-class manufacturing capabilities that together give us competitive advantage.

Progress for me has never been a dream. It has always been a distant reality and once one milestone is achieved, there is always another one waiting to be crossed. We at Decent Appliances have evolved over the years and there's much more to come. The journey of Decent Appliances is never ending. But with the support of our team and clients, I am confident that the company will continue to scale milestones of excellence for years to come.

I welcome you to browse through our brochure to get a first-hand impression of our capabilities.

A handwritten signature in black ink, appearing to read "Bhimji K. Vadiya", is positioned above the printed name.

Mr. Bhimji K. Vadiya

About Decent Appliances

Connoisseurs' masterpiece, that's way to define "Decent" Brand products, with its rich experience of about two decades. Right from the inception of the company in 1998 we have been Committed to provide our consumers with quality kitchenware products, that are modular, compact, easy to operate and breathtakingly beautiful. With the knowledge and strict quality measures of the company. We make sure that each product is fabricated with the best possible quality. Company's R & D department constantly ensures that all products are improved to make the consumers' life easy and more comfortable. The marketing and other wings of the company with their hard work and sharp marketing intelligence help the company in achieving newer heights and goals.

Vision :

- To satisfy distributors and customer's quantity and quality needs.
- Customer's faith is the most important aspect and we work for its achievement.

Mission :

- To maintain the standards of product quality and to provide better service at the reasonable rate.
- To make efforts to improve on customer satisfaction by providing sufficient after sales services.

Core Values :

- Client Value Creation
- Responsibility
- Constant improvement
- Cost-consciousness
- Create a Culture of Honesty
- Committed to Greatness
- Trust, Transparency and Knowledge

Core Strategy

To develop "Decent Appliances" so as to make it known all over India

BENEFITS OF CAST IRON

- Chemical free
- Can be used on stove and oven
- It is non stick
- Easy to clean
- Safer than other modern pieces
- Can be cooked on high heat
- Adds Iron to th Food
- Requires less oil
- Long life span
- Easy to maintain
- Cooks food evenly
- Tough and durable

SEASONING PROCESS

1

Soak, scrub, rinse

2

Dry (completely!)

3

Oil and buff

Give your cast iron a quick soak in mildly soapy, hot water, then use an abrasive scrubby pad or brush to remove any and all unwanted particles until the surface is smooth and free of unevenness.

Wipe your cast iron down with a paper towel or a dish linen

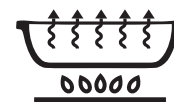

Drop 1 teaspoon of oil into the pan and use a paper towel to rub it in evenly across the entire pan. Flip the pan over, add 1 more teaspoon oil if needed, and repeat the rubbing process until the entire pan (handle included) is coated evenly with the thinnest layer of oil. Keep rubbing and buffing the oil into pan until it no longer looks greasy.
